Joseph Desha Pickett.

The Lexington (Ky.) Observer says: "Through two terms Joseph Desha Pickett, candidate for Superintendent of Public Instruction, has given his entire time to the faithful and efficient discharge of the duties of the office, with a success recognized of all men sufficiently acquainted with the system to understand its improvements during that time.

"To him is largely due the thirty-five new provisions of the law as it came from the hands of the last Legislature, making it as near perfect as possible. During the several terms of the Legislature since he came into office, he was in hourly attendance upon the joint committee on education, and such was his intimate knowledge of the existing law and the confidence of the committee in his judgment and wisdom, that not a single step was taken without first consulting him and securing his knowledge of the bearings of the case. To him is due the increase of the per capita from \$1.25 to \$1.65, which is likely to result by the next apportionment to an increase to \$2 per capita. Under the present law there will be an increase in the school funds of over \$226,000 this year, without increasing the burdens of the tax-payers. This increase is largely due to the vigilance of the Superintendent in securing a proportionate share of taxes on railroads and of special taxes on all other corporations, which, though properly due the school fund, had for years been diverted to the general revenue fund.

"Such is the work of this faithful and efficient officer, and such it will continue to be through another four years, if the will of the people is fairly expressed in the county conventions of April 23rd, and the State convention of May 4th. Dr. Pickett is a Democrat of unblemished record, a gentleman of unsullied reputation, and a public official of unimpeachable integrity. In the national councils of the distinguished educators of this country he stands the peer of the most gifted and the equal of the most successful. Such is the man now asking re-election at the hands of the Democracy of this State, and to whom the Democracy will respond with an almost unanimous affirmative.

The Kentucky Bulletin, Ned S. Maxon's paper, has collapsed.

JOSEPH HUBER was fined \$50 in the Circuit Court, yesterday, for selling liquor to a minor.

ALVENUS GREEN, of Georgetown, has been appointed to a position in the revenue service, under General Robinson.

The Republicans are expecting lots of fun at the Democratic convention next Saturday, but there is likely to be somebody disappointed.

The opening skirmish in the Democratic gubernatorial campaign came off Saturday, and resulted in decided victory for Senator Harris.

A CHILD was born in Covington the other day with a fully developed case of measles. Its mother was suffering with the same disease at the time.

In his letter withdrawing from the race for Governor, General Clay says: "Oftimes have I dictated the policy and principles of the Republican party. When it failed to follow me, they have met with disaster."

WILLIAM MARTIN, and Dudley Martin will open a confectionery and ice cream saloon this week in the building just west of the Central Presbyterian Church. The business will be carried on under the firm name of Martin Brothers.

Last Friday afternoon a buzzard, with a small sheep bell attached to it, was seen on the farm of Thomas Parry near Washington. One of Mr. Parry's sons was ploughing in a field, and was attracted by the strange noise in the air. His team became much frightened by the ringing of the bell. The buzzard was alone, and was flying southward.

The Maysville, Orangeburg & Mt. Carmel Turnpike Company has filed its annual report in the County Clerk's office. The report shows amount on hand April 15th, 1886, \$1,930.43; tolls received during year, \$4,311.35; reserve fund, \$698. The company paid \$2,443 dividends, and expended about \$2,655.96 for repairs and other purposes. It now has a balance \$1,840.62 in the treasury, and a reserve fund of \$610.91.

Burglar Run In.

WYOMING, O., April 19.—An important arrest was made by Officer Frederick Brocker, this morning in Seymour's billiard hall. The prisoner was John Mulligan, recently from Middletown. Brocker recognized Mulligan as one of the burglars seen in the Cincinnati, Hamilton & Dayton depot yesterday morning, who fled when the officers appeared. The other burglar, Bill Ledman, is still at large. Mulligan asserts that it is a case of mistaken identity. He cursed frightfully when he was recognized in his cell as an old offender by Detective Amthauer.

The Haddock Jury Disagrees.

STOUT CITY, Iowa, April 19.—The jury in the case of John Haddock, on trial for the murder of Preacher Haddock, disagreed, and were discharged, standing one for conviction and eleven for acquittal. Juror O'Connell was the one holding out for conviction. After his discharge he stated the defense had offered him any price he would agree on an acquittal. He refused to name the person who made the offer, as he feared trouble. Foreman Webster, of the jury, says O'Connell was bought up by the state.

An Indian Suicide.

FORT ASSINIBOINE, Mont., April 19.—Two Fox, a Piegan Indian, of the Blackfoot Agency, who was suspected of the murder of Caldwell, the Englishman found dead near the Marais river recently, shot himself dead the other day, rather than submit to arrest. It is believed that his partners in the crime were some British Blood Indians.

Tunnel Caved In.

PARIS, Ky., April 19.—The tunnel on the Maysville branch of the Kentucky Central railroad caved in Saturday night and fifty convicts on their way to Maysville to work on the railroad had to be placed in jail here, and will remain until travel is resumed.

Rains Benefiting Crops.

CHICAGO, April 19.—Specials to the Tribune from Springfield, Bloomington, Vandalia and Decatur report heavy rains yesterday and last night, the first for many weeks, in these respective sections, and that it will prove of incalculable value to the farmers, whose crops have been suffering severely from drouth. Reports from other portions of the state indicate an improved condition of crops, caused by recent showers.

Drowned in the Ohio.

CINCINNATI, April 19.—An unknown man, giving his home as Philadelphia, boarded one of the Newport & Cincinnati ferriesboats at an early hour yesterday morning and went over to the other side of the river. Just as the boat left the float on that side the employee heard a splash and a cry for help, but they were unable to do anything for the poor unfortunate, who sank beneath the waves.

Snow Storm in New York.

NEW YORK, April 19.—At 7 o'clock yesterday morning it began snowing hard, and at 9 o'clock about one and one-half inches of snow was on the ground. It then turned into a sleet storm, and at 10 o'clock the snow was covered with a crust of ice. Reports from the interior of the state shows that the storm is general in the eastern portion.

Cremated in a Boarding House.

MEMPHIS, Tenn., April 19.—Pat Maloney, aged fifty-six, employed at the round house of the Kansas City railroad, in West Memphis, was burned to death early Sunday morning by the destruction of a boarding house in which he was sleeping. Thirty other inmates made their escape.

Slain by the Jumping Rope.

PORTSMOUTH, O., April 19.—Miss Sarah Dawson, the youngest sister of Probate Judge Dawson, died last evening from brain fever. The cause was jumping the rope too much.

The Accident Insurance Craze.

Accident insurance has made a steady, running growth during the present year, and seems to be a popular craze. I know of canvassers who are taking in as high as twenty policies a day. All railroad men are going into it, and I find the workmen following. Men who can carry regular insurance on their lives only take accident policies when going on journeys, but poor men, who cannot afford regular premiums want some guarantee of support if disabled. Speaking about insurance, this branch of insurance has gone into many peculiar ramifications. Did you know that railroads insure more than other corporations?

Railroad cars are all insured, and the companies figure very close—so close that there is not much profit in it, the only inducement being the large amount that can be taken, owing to the small quantity of property that can be destroyed at one time. Then there are tornado policies that have a large area of country to cover. When a cyclone strikes a district, the company's agents catch all the farmers. There are also tornado companies, which insure against loss by wind. There used to be live stock companies, but several of them failed so easily that the others lost confidence. It was easy enough to insure an animal, but it was not so easy to identify a dead beef or sheep as the same one insured. Then you can get window plate glass insured—well, I may say, anything of any value.

Shooting at an Egg Shell.

German photographers have succeeded in photographing a projectile in the course of its flight, and some of the photographs show the head of condensed air which precedes every shot. It is this "head" which prevents even skillful rifleman from hitting an empty egg shell when hung on a long thread. The air blows the shell out of the way of the bullet.

There Shall be no Alps.

When Napoleon talked of invading Italy one of his officers said: "But, sire, remember the Alps." To an ordinary man these would have seemed simply insurmountable, but Napoleon responded eagerly: "There shall be no Alps." So the famous Simplon pass was made. Disease, like a mountain, stands in the way of fame, fortune and honor to many who by Dr. Pierce's "Golden Medical Discovery" might be healed and so the mountain would disappear. It is specific for all blood, chronic lung and liver diseases, such as consumption (which is scrofula of the lungs), pimples, blotches, eruptions, tumors, swellings, fever-sores and kindred complaints.

A New Way to Pay Old Debts.

Shakespeare tells how this can be accomplished in one of his immortal plays, but debts to nature must be paid on demand unless days of grace be obtained through the use of Dr. Pierce's "Golden Medical Discovery." It is not a "cure all" but invaluable for sore throat, bronchitis, asthma, catarrh, consumption, and all diseases of the pulmonary and other organs, caused by scrofula or "bad blood." Scrofulous ulcers, swellings and tumors are cured by its wonderful alternative action. By druggists.

A Captain's Fortunate Discovery.

Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for consumption. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free trial bottles of this standard remedy at the drug stores of J. C. Pecor & Co., and S. P. CALLED MEETING

Of the City Council. A Short Session,
But Lively from the Beginning
To the Wind-up.

RAILROAD MATTERS DISCUSSED

A called meeting of the City Council
was held last evening. The members who
were not present at roll call came in short-
ly afterwards. Dr. Phister presided and
Clerk Taylor was at his post.After roll call, the Chairman read the
call for the meeting, and the notice issued
in accordance with the provision of the
charter and by-laws—the meeting being
for the consideration of any business
that might be brought before it.Mr. Stockton offered an ordinance
which the Chairman read. It was enti-
tled: "An ordinance to amend an ordi-
nance passed on the 16th day of June,
1881, granting to the Maysville and Big
Sandy Railroad Company the right of
way through the city of Maysville, Ky.,"
and reads as follows:SEC. 1. Be it ordained by the Board of
Councilmen of the City of Maysville, Ky.,
that the said ordinance of said council, passed
on the 16th day of June, 1881, granting to said
Maysville and Big Sandy Railroad Company
the right of way through said city, be and
the same is hereby amended so as to require
permit and authorize said railroad company
to locate and establish one depot for passen-
ger and express purposes at any point along
the line of said railroad in said city between
Bridge street and the western corporation
line of said city.SEC. 2. This ordinance shall take effect and
be in force from and after its passage.Mr. Stockton moved to suspend the
rules and put the ordinance upon its
second reading. Mr. Poyntz seconded
the motion.The Chairman was on the point of
putting the motion when Mr. Wood in-
terrupted the proceedings. He wanted
to know what all this meant. He thought
some one ought to explain. He had had
but a short notice, and he couldn't see
why there should be so great a hurry in
rushing this matter through before time
was had for consideration. It might
affect the commerce and business of the
entire city, and the members ought to
understand what they were doing.Mr. Poyntz thought the ordinance re-
quired no explanation; it explained
itself. He understood that Mr. Hun-
tington had made an offer for a certain
piece of property for depot purposes,
and before he closed the bargain he
wanted it settled definitely whether the
city would permit him to erect the depot
at that point. He was satisfied the city
of Maysville would save \$12,000 or \$15,-
000 by the passage of the ordinance.
[The property referred to is that of Mr.
Charles B. Pearce, although no statement
to that effect was made.]Mr. Wood moved, and was seconded by
Mr. Hendrickson, that the ordinance be
referred to the next regular meeting of
the council. The vote stood six to six,
and the motion was lost.Motion to suspend the rules and place
the ordinance on its second reading, met
with a similar fate. The vote stood nine
in favor of suspension—not the necessary
two-thirds.Major Chenoweth moved to adjourn,
and the motion carried.Some proposition from the natural gas
company was shut out by the hasty ad-
journment, but quite a number of the
members weren't in a humor to consider
any further business.It took but a few minutes to convince
some of those who voted against the mo-
tion to suspend that they had acted too
hastily, and a call was at once signed for
another meeting to be held this evening.
A few words of explanation from some one,
and the matter would have been settled
last night.

Orangeburg Democracy.

Saturday's precinct meeting at Orange-
burg was called to order by A. D. Dick-
son, member of the executive committee.
J. D. Mayhugh was placed in nomination
for permanent chairman of the conven-
tion by the friends of Senator Harris, and
W. H. Cole by the friends of General
Buckner. The Harris men outnumbered
the Buckner delegation, and J. D. May-
hugh was declared elected chairman of
the convention. Upon motion of W. H.
Coryell, W. H. Cole was elected secretary.
A motion was made and carried that the

Attempted Suicide.

Clinton Gates, a resident of Aberdeen,
made an unsuccessful attempt at suicide
late yesterday afternoon. He met with
an accident some weeks ago, receiving
injuries from a fall that have caused a
temporary derangement of his mind on
several occasions. Yesterday afternoon,
while suffering from one of these tempo-
rary fits of insanity, he jumped from the
ferry-boat at that place, and would have
drowned had it not been for the timely
assistance of Captain J. C. Power and
others. Means were at once taken to re-
suscitate him, which proved successful,
and he was resting well at last accounts.It is reported that the Kentucky Cen-
tral authorities contemplate making a

that point.THE Nephenthe Dancing Club will give

OBITUARY.

Died, in Washington—her birth place—Feb-
ruary 21, 1887, Mrs. Mary Ann Blanchard, in
the eighty-fourth year of her age. She was a
Miss Stoth, of Virginia extraction, her par-
ents having emigrated to this country in very
early times, and was conversant, by her re-
markable memory, with most of the old his-
tory of the country. She was married in her
twenty-first year to R. T. Blanchard, Esq.,
who preceded her to the tomb more than
thirty years ago, and whose lineage, like her
own, dates back to historic pages of the
American Revolution.The weary hands, resting from earthly min-
istrations, now bear palms of victory; the
eyes closed upon earthly scenes, do now be-
hold the beauties of the celestial city; the
voice, hushed on earth, now hymns the
praises of her dear Redeemer, in whom she
delighted so much to trust. A member of the
M. E. Church, South, for many years, she
was firm in her faith in Jesus, unwavering in
her trust, and always, without any sectarian
feelings, a liberal supporter of the cause of
Christ. A host of friends, here and other
places, will remember her large heartedness,
her genuine hospitality extended to rich and
poor alike, and her quick sympathies for
those in distress. She was indeed a true
friend and a kind neighbor. Her labors on
this earth have ended, "God giveth his be-
loved sleep." M. F. C.

REBELLIOUS RIOTING.

ATTEMPTED ASSASSINATION OF THE PREMIER OF THE TONGA ISLANDS.

Suspects Arrested, Tried, Condemned to Death and Executed, All in One Night. Wesleyans Unanimously Plundered and Maltreated by the King's Soldiers.

SAN FRANCISCO, April 19.—The steanship Mariposa, from Sydney, N. S. W., brings later details regarding the attempted assassination of Premier Baker, of the Tonga Islands, by converted Wesleyan natives. The Sydney Herald correspondent at Suva, Fiji Islands, under date of February 17, writes that Mr. Baker believed that an organized attempt was to be made by the Wesleyans. Soldiers were sent for and a large number of indiscriminate arrests were made. Mr. Baker put the prisoners through a form of trial, condemned them to death, and the sentences were carried out the same night. Previous to the sentences being executed the acting British consul, Mr. W. E. Giles, used the utmost exertions to stop the executions. When the newly appointed vice consul, Mr. R. B. Lee, arrived at Tonga, things were growing quieter, and after he had made an inquiry he decided that he had no power to interfere. The storm again broke out with redoubled fury. An armed mob invaded the Wesleyan mission college. Wesleyans were brutally beaten and their houses wrecked. Mr. Lee was again appealed to and again refused to interfere. Mr. David Pirian, an ordained Wesleyan minister, and a man of the highest position and repute, was arrested and condemned to death. Many others were under arrest, and six executions were to take place the day after the departure of the steamer which brought the above news to Suva, and thirty more the day following.

The French and Germans have sent for men-of-war and urgent representations have been made to the governor of the Fiji Islands to interfere and depose either Mr. Baker or Mr. Moulton, a Wesleyan missionary. An Auckland, New Zealand, special to the Sydney Herald says: "Further news from Tonga states that Wesleyans are being mercilessly plundered and maltreated by the king's soldiers. The premier does not anticipate any difficulty about French interference in Tonga and is of the opinion that German jealousy would be aroused by the appearance of the French so close to Samoa."

Heartrending Evictions.

DUBLIN, April 19.—The tenants of the Skinnery's company at Draperstown were evicted to-day, and many heartrending scenes were enacted. The destruction of groves, orchards and lawn trees is an item of the loss which is incalculable. The rain fell yesterday, adding to the damage as many houses and stocks of goods are still roofless. A large force of men is working night and day roofing buildings, and the Western Union Telegraph company has all its available linemen restringing wires, a work attended with much difficulty, as many of the poles are broken in two or three pieces.
